

# Coronavirus symptoms:

## A new, continuous cough

This means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)

## A high temperature

This means you feel hot to touch on your chest or back (you do not need to measure your temperature)

## A loss or change to your sense of smell or taste

This means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

**If in doubt, please keep  
your child at home**
